AB540 & Undocumented Student Center
Community Advocate Program
6 available advocate positions

Common Student Learning Outcomes:
By participating in the Community Advocate Program, you will be able to:
  o Articulate the needs, challenges and available resources dedicated to supporting the undocumented community in California.
  o Confidently use public speaking skills to convey the interplay between state, federal and local policies that affect undocumented students
  o Develop, implement, facilitate and evaluate programs, workshops or meetings that are inclusive of diverse identities

Program Description:
Participants have the opportunity to craft unique co-curricular programs, projects, support mechanisms and interventions that address the needs of the AB540 undocumented community both on the UC Davis campus and the region, while also gaining valuable professional development skills.

Examples of past Community Advocate projects and roles include the following:
