

# 10 Things UndocuAlly Educators Should Know

by The UndocuAlly Speakers Bureau

## Start Here!

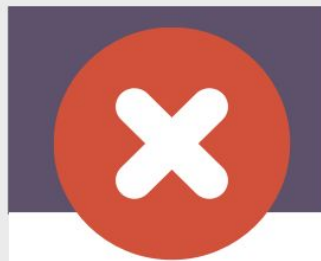

### 1) Make yourself Visible

Update your marketing materials to openly state support for undocumented students. Proudly display the UPE placard and/or immigrant rights artwork in your office.

### 2) VISIT!

Get involved in spaces that are welcoming to AB540 and undocumented students. The AB540 and Undocumented Student Center is a great place to visit and have lunch!

## In your Daily Practice:

**3) DO NOT FORCE DISCLOSURE**  
Build Trust.  
Be Patient!

**4) Put the Student First. LISTEN**  
to their Narrative.

**5) Familiarize Yourself with Campus Resources**  
No Aggie Shuffle!

**6) Personalize Services to Undocumented Students.**

## Keep In Mind...

### 7) Immigration is Diverse

There is not one Undocumented/AB540 student experience. There are multiple narratives out there!

### 8) Critically Review Policies

and ensure that your services are open to all students, regardless of their immigration status.

### 9) Stay Informed

Keep up to date on relevant information, attend workshops, trainings and events.

## GO BEYOND.

### 10) Leverage your Allyship

Advocate for positive change and opportunity of access on behalf of AB540 and Undocumented Students,

There is always room for YOU in the movement!
